## BLIZZARD WEATHER.

A Great Storm Prevailing All Through the North.

### SNOW AND TERRIFIC WINDS.

Railroad Trains Delayed and Several Disasters Reported—Wreck on the Lehigh Valley Railroad—Two Men Killed—Extreme Cold in Michigan and Illinois. Fear of Lake Disasters.

BUFFALO, Feb. 20.—By far the worst snow and wind storm this winter raged in this city and throughout western New York all day yesterday and last night. The railroads suffered severely and trains were late.

On serious wreck occurred as the result of the storm, on the Lehigh Valley. An engine which had been sent out to follow up a snow plow and assist in the work of keeping the track clear, came into collision with another engine and caboose on a similar mission. Two men were killed. They were William H. Davis and Henry Kearns. Both men were Lehigh brakemen on board the first engine. The crew of the other engine jumped in time to escape.

Reports from Lockport, Dunkirk, Hamburg, Batavia and other points state that the storm has been very severe, and railway traffic has been seriously impaired.

### IN DETROIT AND VICINITY.

Zero Weather Prevails All Through Upper and Lower Michigan.

DETROIT, Feb. 20.—Zero weather and lower, and blizzards have prevailed throughout Upper and Lower Michigan the past 24 hours. In the western part of the state the snowfall has been tremendous and at some points the dark colored snow reported from Chicago, has been seen. The temperature in Detroit is at zero and going lower, but the snowfall in this section is only intermittent.

Freight traffic on the Duluth, South Shore and Atlantic road has been abandoned and passenger trains with double headers are all late. Nearly all trains in western Michigan are three to four hours late and many wagon roads are impassable. Outdoor traffic in Lake Michigan shore towns were practically suspended yesterday and some factories and schools were obliged to close. Fears are expressed for the safety of Ann Arbor car ferry No. 2, which, with ferry No. 1, left Frankfort Monday night for Keweenaw. One of No. 2's wheels was disabled.

### Extremely Cold in Illinois.

ST. LOUIS, Feb. 20.—Reports from a number of cities and towns in Illinois indicate that the coldest weather of the season is prevailing there. The thermometer ranges from zero to 12 degrees below and it is getting colder. A strong wind prevails, and much apprehension is felt for the safety of stock. At Joliet and Mendota the thermometer registers 7 and 12 degrees below zero, respectively, while it is under the zero mark at the following places: Cerro Gordo, Saylor Springs, Clay City, Arcola, Carlyle, Percy, Bloomington and Princeton. At the last named place Christian Raster, a well-to-do young farmer, was run down by a train and killed during the blizzard.

### Railroads Almost Blocked.

MARQUETTE, Mich., Feb. 20.—Reports along railroad lines of Upper Peninsula state that great difficulty is experienced in getting trains through. It is impossible to maintain schedule time, and as the storm shows no sign of abatement, it is likely railroads will be completely blocked. The streets of this city are completely impassable to streetcars. The temperature has fallen 20 degrees since the beginning of the storm.

### Fears for a Lake Vessel.

KEWAUNEE, Wis., Feb. 20.—Great anxiety prevails here for the safety of the large car ferry Ann Arbor No. 2, which left Frankfort, Mich., for this city Monday night. The boat ought to have made the run in about four hours, but up to this time no news of her has been received by the officers of the company. It is feared that the boat has been disabled or lost.

### Relief Steamer Laid Up.

DETROIT, Feb. 20.—The ferry steamers which started to the assistance of car ferry Sheungo No. 2, icebound in Lake Erie, are sheltered under the lee of Bois Blanc island, near the mouth of the Detroit river. A heavy wind is blowing, accompanied by snow and zero weather.

### Severe Storm in Maine.

PORTLAND, Me., Feb. 20.—The most severe snow and wind storm of the winter is raging here. The harbor is filled with coasters which have sought shelter. All trains are delayed by snow drifts.

### PECULIAR ACCIDENT.

Four Men Killed Outright and Seven Injured at a Lumber Camp.

SENEX, Mich., Feb. 20.—A very peculiar accident, resulting in the death of four men, occurred yesterday at McKay's lumber camp near here. A party of Fins and Poles were working on an incline of the road shoveling away the snow which was piled high on either side. The steam log handler, which was being experimented with, suddenly became unmanageable and rushed down upon the men before they could escape. They were ground beneath the wheels and some were thrown up against the

snow banks. Seven men were injured and four killed outright.

Particulars are very hard to get, as the storm which has been prevailing for 24 hours prevent trains from running. It was learned, however, that the wounded men have been conveyed to nearby camps. John Steinland and his son are among the injured. The engine which accomplished the terrible work had been idle for several days. Even the engineer can not explain the accident.

### MANY PEOPLE KILLED.

A Town in the Transvaal Blown to Atoms by Dynamite.

JOHANNESBURG, Transvaal, Feb. 20.—An explosion of dynamite has occurred at Viedendorp, and the poor quarter of the town has been blown to pieces. Hundreds of houses are in ruins and the havoc wrought is fearful.

A number of persons have been killed and the populace has turned out en masse and is working to rescue those who may be buried in the ruins. The windows of every house in Johannesburg were broken by the force of the explosion.

The dynamite which caused the catastrophe filled eight trucks, which were being shunted.

The explosion caused an immense hole in the ground 30 feet deep. Every house within a radius of half a mile of the explosion was razed to the ground. Forty dead, nearly all terribly mutilated, have already been taken from ruins, but the work of searching the debris has scarcely begun.

Two hundred of the most severely injured were admitted to the hospital, where several died.

It is believed that only a few white persons were killed.

### DEATH PENALTY FIXED.

Two Exciting Scenes in Court at the Closing of the Trial.

CHICAGO, Feb. 20.—After a dramatic scene in court, the jury in the case of Nic Marzen, on trial for the murder of Fritz Holzhuetter, yesterday afternoon returned a verdict of guilty and fixed the penalty at death.

While delivering the closing address to the jury, Prosecuting Attorney Pearson swung aloft the cleaver with which Marzen is said to have committed the crime. The idea was to show the jury how the fatal blow was struck. The cleaver flew off the handle, sailed over the heads of a dozen people, and penetrated one of the supporting pillars of the court room, passing within an inch of the face of a man sitting there.

A few minutes later the defendant succumbed to the intense strain he has been subjected to and fell on the floor in a dead faint.

The jury was not long in reaching their verdict.

### FRANK JAMES AGAIN.

Ex-Desperado Wants to Be Police Commissioner at St. Louis.

ST. LOUIS, Feb. 20.—In a corner of the Laclede hotel rotunda last night stood a bunch of state and city politicians earnestly discussing the vacant police commissionership. In their midst was a tall, well-dressed man with grizzled beard, Grecian nose and bright steel gray eyes, who, at a moment's pause in the conversation, said slowly, deliberately and without a smile:

"Well, gentlemen, being a citizen, I have been very deeply interested in this matter, so I sent word to Governor Stone that if he really desired to do the right thing, and at the same time give himself a monument 15 feet high and an immortal reputation, he should appoint me police commissioner of the city of St. Louis."

The speaker was Frank James.

### RESULT OF A DRUNKEN QUARREL.

One Man's Throat Cut and Two Men Charged With the Crime.

PIQUA, O., Feb. 20.—As the result of a drunken quarrel, Jacob Artinger of Tipppecanoe City has his throat cut and is in a dying condition. Artinger and his companion, Guy Sulliger, started a quarrel with William Crawford. The encounter was a very savage one and Crawford, being unable to defend himself, drew his knife, inflicting an ugly gash across Artinger's throat.

The wound bled profusely and in an effort to get on his feet again Artinger fell as the result of his weakened condition. Crawford made an effort to escape, but was captured in a short time by the officers. He claims the deed was done in self-defense. Sulliger is also in custody and both will be held awaiting the outgrowth of the difficulty.

### William B. Iams Shot.

BALTIMORE, Feb. 20.—William H. Iams was shot and probably fatally injured yesterday in a quarrel with Charles Arndt. Iams is the man who was hung up by the thumbs, had his head shaved and was drummed out of camp while serving in a Pennsylvania regiment of militia during the riots at Homestead. Arndt is a musician 55 years old. The shooting was done at the boardinghouse of the men during an altercation which grew out of Iams' alleged habit of coming in late and making a noise. The wound is in the abdomen and Iams' chances of recovery are very slender.

### King of Corea in Russia.

NEW YORK, Feb. 20.—A special to The Herald from St. Petersburg says: The young King of Corea has arrived here, with the object of seeking the protection of Russia for his country. His visit is being kept a profound secret. Those who have been let into the knowledge of his presence here look upon the news as of high importance in connection with Russia's eastern policy.

## TAX INCREASE BILL

It Passes the House by a Good Majority.

### AMENDMENTS ALL VOTED DOWN.

Republicans and Populists United on the Measure. Details of the House and Senate Several Bills Enacted Into Laws. Same Old Result on Joint Ballot—Other Kentucky State News.

FRANKFORT, Ky., Feb. 20.—The house resumed consideration of the bill to make an additional levy of 10 cents on assessable property of the state for three years for the purpose of liquidating the deficit in the state treasury. Sundry amendments were voted down and the bill was put upon its passage and was passed by a vote of 58 to 39. The Democrats, with few exceptions, voted against the bill and the Republicans along with the Populists voted for it.

The bill provides for levying an additional tax of 10 cents on every \$100 worth of taxable property in the state for the next three years, and which, if it becomes a law, will make the full rate of state taxation 52 1-2, instead of 42 1-2, cents on every \$100, as at present.

The possibility of its passing the senate depends, to a certain extent, on further revenue legislation by the house, included in which is the bill which came up as a special order immediately after the passage of the 10 cents bill. It was the bill providing for borrowing \$500,000 to meet the emergency needs of the state. The substitute for the bill, which provides how the commissioners shall borrow the \$500,000, was adopted, and the bill as amended by the substitute was put upon its passage. Most of the Democrats voted against the bill or failed to vote at all. The bill was passed by a vote of 66 to 30.

The house passed a number of bills to their second reading, and then took up for passage the bill abolishing the state board of equalization. Mr. Phelps had a substitute like that of Mr. Elliston's in the senate, and the discussion was on this substitute, so that both houses were discussing not only the same question, but the same phase of it at the same time.

After the joint session the house took up the board of equalization bill.

The senate passed the house bill which extends the time for filing annual bonds by sheriffs.

She senate also passed the bill amending the charter of third class cities, and which permits these cities to hold special elections on the question of issuing bonds to build brick streets.

Mr. Salyers' bill permitting trust companies to organize in counties with a capital stock of \$25,000, instead of \$50,000, was passed. Then the senate resumed consideration of the equalization bill.

After the joint session the senate suspended operations long enough to pass the resolutions allowing the widow of the late Chief Justice Bennett, the salary for the remainder of the year in which he died, and then resumed the consideration of the board of equalization bill.

The joint assembly had trouble at the start over a supposed pair between Senators Bowling, Republican, and Walker, Democrat, as a misunderstanding arose over it, and when Senator Bowling answered to his name a dozen Democrats arose and challenged his right to respond. Considerable excitement prevailed for the time, but in the meantime Mr. Walker came back into the hall and straightened matters out. The 35th ballot resulted: Hunter, 60; Blackburn, 60; scattering, 8. Necessary to a choice, 66.

### Republican Committeemen Called.

FRANKFORT, Ky., Feb. 20.—Hon. John W. Yerkes, chairman of the Republican state central committee, has called a meeting of the committee in Frankfort for March 4. At this meeting the committee will decide upon the time and place for the Republican state convention to elect delegates to the national convention at St. Louis.

### They Were Not Drowned.

MAYSVILLE, Ky., Feb. 20.—George Ennis and George Jones, the Aberdeen boys who, it was feared, had been drowned at Wrightsville, have been heard from. They had boarded the tugboat Sea Lion and taken a trip up the river.

### Work of Outlaws.

RICHMOND, Ky., Feb. 20.—A report from Union City, this county, is to the effect that outlaws went to the barn of William Wells and killed a valuable horse. A colt was also shot. The parties have not been apprehended.

### Prisoners Break Jail.

HENDERSON, Ky., Feb. 20.—Two prisoners, Will Jackson and Bill McMurray, escaped from the county jail yesterday morning in some unexplained way through the basement. Both were pursued, but not captured.

### Girl Fatally Burned.

HOPKINSVILLE, Ky., Feb. 20.—Miss Mary Cowan, aged 15 years, was standing in front of a gate at her home near Blackford when her dress caught fire and she was so terribly burned that she died soon afterward.

### An Ex-Governor Violently Ill.

SPRINGFIELD, Miss., Feb. 20.—Ex-Governor D. Robinson of Chicago suffered a shock of apoplexy yesterday and is now in a critical condition.

### IN CONGRESS

The House Gets Down to Business and Passes a Few Bills.

WASHINGTON, Feb. 20.—The house yesterday devoted itself strictly to business. The army appropriation bill carrying \$23,275,902, was passed, the conference report on the urgent deficiency bill was adopted and the bill to extend for five years the time in which the government can bring suits to annul patents to public lands under railroad and wagon road grants was passed.

An amendment was adopted limiting the application of the act to "railroad and wagon road grants."

The following proviso was also added to the bill: "That no suit shall be brought, nor shall recovery be had for lands that were patented in lieu of other lands covered by a grant which were lost or relinquished by the grantee in consequence of the failure of the government to withdraw the same from sale or entry."

The substitute for the bill offered by Mr. McKee (Dem., Ark.) to repeal outright the limitation of the act of 1891 was defeated—72 to 149.

Mr. Pickler (Rep., S. D.) offered an amendment to the army appropriation bill providing that no officer of the army should be detailed to duty as an Indian agent. It was ruled out on a point of order as an amendment offered by Mr. Bowers (Rep., Cal.) against the guarding or policing of forest reservations or national parks with troops. Soldiers, Mr. Bowers said, prevented visitors to Yellowstone park from hunting or fishing without permits, yet on a recent visit to the park he ascertained that the soldiers themselves had slaughtered hundreds of deer. Most of the new provisions in the bill, including those for the appointment of paymasters from the line of the army and for commutation of quarters to officers doing duty at stations where the quarters are inadequate were stricken out on points of order.

At 4:55 o'clock the house adjourned.

### In the Senate.

WASHINGTON, Feb. 20.—In the senate yesterday Mr. Carter of Montana offered a resolution to recommit the tariff bill to the finance committee for further consideration. This move by one of the four Republican senators who voted against taking up the tariff bill caused much interesting comment. Mr. Carter did not press the resolution, but said he would ask to take it up next Monday, when he would address the senate on its adoption. The announcement was accepted as foreshadowing a statement of the attitude and purposes of the silver senators who voted against considering the tariff bill.

It was definitely arranged that the Cuban question would be taken up at 2 o'clock today, all appropriation bills thus far reported to the senate being cleared from the calendar. The diplomatic and consular appropriation bill was passed during the day.

The close of the day was marked by an amusing controversy between Mr. Allen (Pop., Neb.) and Mr. Call (Dem., Fla.) which kept the senators and spectators in roars of laughter for half an hour.

About 60 private pension bills were passed during the day.

The bill pensioning the widow of the late Secretary Gresham as brigadier general at \$200 monthly, with an amendment making the amount \$100 monthly, went over without action in order to permit Mr. Voorhees to speak against this amendment.

### ALKILI EYES ALL RIGHT.

Peter Maher Will Be Able to Enter the Ring by Friday.

EL PASO, Tex., Feb. 20.—Buck Connolly came in from Las Cruces last night and reported Maher as being much improved. He said his man would be down this evening and would be ready to enter the ring at any time after his arrival. He was not inclined to be communicative regarding Maher's general condition, but Dick Plunkett, who came in from the Maher camp with Connolly, declared Peter was in excellent shape and strong as an ox. His eyes, according to Plunkett, are somewhat inflamed, but his general condition is excellent.

Fitzsimmons remained quietly in his quarters all day, and gave the numerous Mexicans and rangers who watch him every time he leaves the house a chance to rest themselves. He is doing only very light work in order to keep himself in first class condition. He is certainly in superb shape, and reiterated his firm belief that the fight would be a very short one and that he would be an easy winner inside of five rounds.

Considerable merriment was caused at Stuart's headquarters yesterday by a story from Galveston that the fight would be on barges in the Gulf of Mexico off that city. It was to be fought before the kitescope and a few witnesses only. The plan was never thought of here until wired from Galveston, and the impossibility of the kitescope taking photographs if the water was in the least degree rough, is enough alone to put the plan out of the question. All sorts of rumors are about as to the location of the battleground, but Stuart is keeping his own counsel, and will give no information as to the location and the time of the departing train.

### He Will Hang.

PEKIN, Ills., Feb. 20.—Albert Wallace, who a year ago shot his brother-in-law, John Bowsby; his sister, Mrs. John Bowsby, and their hired man, and was sentenced to be hanged Oct. 25 last, but was granted a stay of execution, was resentence yesterday to be hanged March 14. The shooting was the result of a quarrel over property left by Wallace's father to Mrs. Bowsby.

## SIXTY OR SEVENTY.

Fully That Many Men Were in the Vulcan Mine.

### NO HOPE FOR ANY OF THEM.

But Three Bodies Have Been Recovered So Far—Rescuers Are Doing Their Utmost to Recover the Bodies, but Are Driven Back by Black Stamp—The Cause of the Disaster Not Settled.

NEWCASTLE, Colo., Feb. 20.—It is conceded that from 60 to 70 men were at work in the Vulcan mine when the accident occurred. Ever since the disaster a hardy band of rescuers has been working earnestly and sympathetically in the hope of soon being able to reach the entombed miners, all of whom, it is conceded, must now be dead.

Work was temporarily stopped about noon yesterday for the purpose of flooding the slope and chambers of the mine with air and of driving out, if possible, gases and menacing dangers that remained after the explosion. All night shifts of men, working 24 hours each, were kept employed putting up an air fan in the place of the two destroyed. Simultaneously crews of five to 10 men were sent into the death trap by way of the main slope entrance and the air passage to work their way, if possible, to where the bodies of the dead men lay.

This work was accomplished with the most imminent peril owing to the black damp with which the mine was filled. Fully 20 men were carried into the enter air overcome by the gases. The work thus impeded, progress was slow and the results discouragingly small. Five hundred feet of the main slope has been penetrated and three bodies brought out. The first body found was that of Abel Dore, a boy. The second was that of Joe Dore, brother of Abel, and the third was that of Frank Combs, a carpenter.

As the work goes on it becomes certain that the mine has not caught fire. Rev. E. N. Malloy of the Episcopal Springs Methodist church has started a fund for the relief of the dead.

Opinions differ as to the cause of the explosion. Some say it was caused by a windy shot. Others believe there was an explosion of coal dust, asserting that the company had been negligent in not having the rooms sprinkled as often as the law requires.

It is impossible as yet to give a full and accurate list of the killed, as the list of those on duty at the time of the explosion is supposed to be in the pocket of Pitt Boss James Harrison, who lies at the bottom of the slope, probably dead.

### BIG STRIKE IN CHICAGO.

Twenty Thousand Persons Thrown Out of Employment.

CHICAGO, Feb. 20.—Five hundred clothing cutters and trimmers spent several hours last night discussing a proposition to quit work because their employers have refused to accede to the demand of the United Garment Cutters' union for a minimum wage for a maximum amount of labor. The sentiment of the meeting was radically in favor of a strike, but a vote was not taken until 2 o'clock this morning and resulted in a decision to strike.

All the cutters have stopped work in all the large clothing manufacturers in Chicago except where employers have yielded to the demands of the cutters. Careful estimates show that by the 700 or 800 cutters striking, the real number thrown out of employment will be over 20,000. Most of them are wretchedly poor, and the strike promises much misery with the weather in the city averaging below zero.

### FIRE AT A MASKED BALL.

So Far Forty Dead Bodies Have Been Recovered From the Ruins.

LISBON, Feb. 20.—At a masked ball given by the Artists' club of San Tarem, Tuesday night, fire broke out shortly before midnight and spread with great rapidity. A terrible panic followed the first alarm, and all present rushed for the exits, which were soon jammed with terrified people. Despairing of escaping by any other means men, women and children then jumped from the windows, seriously injuring themselves. Friends of the revelers rushed into the burning building later to aid in the work of rescue, and many of them were caught by the flames before they could make their way out again.

The number of bodies recovered up to this time from the ruins is 40.

### Death of an Actress.

NEW YORK, Feb. 20.—Lucie Froisinger, one of the leading ladies of the Irving Place Theater company, died yesterday of heart disease. Miss Froisinger was 25 years old, and was born in Vienna. She was an actress of talent and a great favorite with those who frequented the Irving Place theater.

### Kettle Explodes.

ST. JOSEPH, Mo., Feb. 20.—A great steam kettle exploded in G. W. Chase & Sons' candy factory here. George W. Riley was killed by the concussion and Ed Ott and Ed Ziph perhaps fatally scalded. The men were repairing a leak.

### His Second Murder.

HUNTINGTON, W. Va., Feb. 20.—Charles Morris was fatally shot by Aaron Adams at Thacker last night. Adams is now in jail. He is wanted in eastern Virginia for murder committed a year ago.

There are only about 2,000 hungry Republicans after the few positions in the State penitentiaries. The Sinking Fund Commissioners met Tuesday to select the new officials, but were appalled when the applicants swooped down on them in such numbers. The Kentucky Republicans want "pie," and I want it had.

A SPEECH from Richmond, Ky., says: "Out of forty-two leading Republicans interviewed in this section of the State concerning the attempted booming of Governor Bradley for President, thirty-one were for McKinley and only six favored Bradley." The editor of the Public Ledger and other Bradley "hoomers" will find "where they are at" before long.

WILKESBARRE, PENN., February 18.—The big mills of the lace industry in this country are located in Wilkesbarre. When the Wilson bill was passed in Congress it was predicted that it would bring ruin on the industry. Just the contrary has happened. The mills here can't fill their orders. At a meeting of the Directors of the Wyoming Valley Lace Company to-day a semi-annual dividend of 6 per cent was declared.

Still, Br'er Davis and other Republicans insist that the Wilson bill is ruining the country's industries.

### THE LATE COL. MARSHALL.

#### A Tribute to Deceased From the Survivors of the 16th Ky. Veteran Volunteer Infantry.

At the meeting of the survivors of the 16th Kentucky Veteran Volunteer Infantry this week the following resolutions of respect were adopted to the memory of their dearly beloved Colonel, Charles A. Marshall, with the request that the daily papers copy them:

Resolved, First, That in the death of Colonel Charles A. Marshall our country has lost one of its most illustrious citizens, and the survivors of the 16th Kentucky Veteran Infantry bow in sadness to the decree which removed from their midst the father and founder of the regiment.

Second, We remember with pride the bold, heroic, patriotic stand which Colonel Marshall took in behalf of the Union, and we regard his conduct in so doing the noblest, most honorable act of a noble and honorable life.

Third, We express to his family our deepest sympathy in their bereavement and sadness occasioned by the death of a husband and father, one whose memory they may well revere, and whose conduct as a man, a soldier and citizen never brought to the name a single stain.

Fourth, That a copy of these resolutions be furnished the widow of Col. Marshall, and that a copy thereof be submitted in the meeting of the next annual reunion of the survivors of the regiment.

#### 'In Old Madrid.'

The plot of this clever conceit which will have its first presentation in Maysville on Saturday, matinee and at night, is as novel as it is original. Don Cosme, a rich and miserly old curmudgeon, wants to marry Fernanda, the beautiful young daughter of Don Jose, a millionaire merchant. Don Jose and his terminant wife, Donna Clementine, are delighted with the prospective marriage, but Fernanda is loved by Valentine, her handsome young cousin, who is a clerk in her father's store, and she reciprocates the affection. Alarmed by the near approach of the marriage, Valentine decides to tell his uncle of his love. The old man only waits to hear that he is in despair because of his affection for the daughter of a millionaire, and then tells him to slope with the girl, create a scandal and compel the rich father to give him a million to marry the girl. The old man expects to profit by his nephew's marriage, having no suspicion that it is his own daughter whom Valentine loves, and the manner in which he laughs at the scruples of the young man and plans the elopement is exceedingly funny.

The second act witnesses the elopement, Fernanda supposing that her father wished it because of his fear of his shrewish wife, and the old man actually sending her off with her lover. The third act shows the rage and disgust of the father when he finds that he is caught in his own trap, the triumph of Valentine and the reconciliation.

**His Name is George Washington.**  
Ripley Bee: "Col. Geo. Rohb, of this city, informs us that he is now engaged in the egg business, and persons desiring fresh eggs should see the Colonel. He says he has the greatest producers of hen fruit that ever existed. His flock is made up of eighteen wonderful fowls which lay twenty eggs per day. Now this is hard to believe, but as the Colonel's word is law, we can not dispute it, but would advise his neighbors to keep an eye on their hen's nest."

Considerable ice in the river this morning, but it is not very heavy.

#### It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

## NEWS FROM FRANKFORT.

### It Looks Like Blackburn and Hunter Are Not In It—Legislative Doings.

Secretary Carlisle has written a letter declining to interfere in the Senatorial contest now on at Frankfort. He thinks any suggestion from him to the "sound-money" Democrats advising them to vote for Blackburn would probably be regarded by them as a piece of impudence. Moreover, he says they are answerable to their constituents for the course they are pursuing. It is thought at Frankfort that Carlisle's letter settles Senator Blackburn's fate in this contest, as it is believed at least three of the "sound money" Democrats will never vote for him. Dr. Hunter, the Republican nominee, seems to be in the same boat, and there will likely be no election.

Just 130 members answered "present" in the joint assembly yesterday. The proceedings were enlivened by a little misunderstanding over a pair between Mr. Walker (Democrat) and Mr. Bowling (Republican). Mr. Walker thought the pair still held, and, acting on this belief, left the hall. Bowling declared it off and insisted on being counted present. There was great excitement for a few minutes, and messengers hurried out and found Walker in time to get him in before the roll call was completed. The vote to-day was as follows: Blackburn 60, Hunter 60, scattering 8.

In the House the bill directing an additional tax levy of 10 cents on the \$100 for three years to meet the Democratic deficit, was passed. The funding bill authorizing the Sinking Fund Commission to borrow \$500,000 to meet floating State indebtedness also passed.

The day in the Senate was spent in discussing the proposed abolition of the Equalization Board.

The Committee on Corporations of the Senate has decided to report unfavorably the Elliston building and loan bill. Senator Elliston appeared before the committee and argued the bill. He was of the opinion that the primary intentions of the building and loan idea had been supplanted by plans from which originators of companies would make big money in the way of salaries, etc. He said the circulars of foreign companies scattered broadcast were misleading and untrue. The idea, said he, that a building and loan company could pay 16 per cent. on money invested when they charged but 12 per cent. is preposterous. It could only be done by robbing the stockholders through the expense fund. Mr. Elliston said the expense, which in most cases was 20 per cent. of the stockholders' deposits, was simply a way in which large salaries might be taken care of and the promoters of the companies secure to themselves large benefits. He wanted expense funds abolished and also expenses taken out of the gross receipts.

Mr. N. P. Phillips, President of the National Building and Loan Association of Louisville, thought that such legislation would be meddlesome and only serve to tear down the great building and loan systems of the country. He said the only thing that was needed to protect all parties was a law providing a State examiner, who should be directed to make monthly examinations into the books of all companies.

The committee went into executive session and soon decided to report the bill with an opinion adverse to its passage.

Here are some of the bills introduced this week in the House and Senate:

An act to provide for the supervision and regulation of all express, telegraph, telephone and sleeping car companies in this Commonwealth and empowering the Railroad Commission to fix, revise, alter or change all charges for the transmission of messages by said telephone and telegraph companies and the transportation of persons or property by said express and sleeping car companies, and prescribing penalties for the violations of the provision of this act.

An act in relation to sureties. (Authorizes surety and guarantee companies who have complied with the law to act as bondsmen or surety.)

Act to amend Section 14, Act 3, Chapter 65 of session acts 1891, 1892 and 1893, entitled "an act to regulate elections in this Commonwealth," approved June 30, 1893. (Provides for inserting the words "for" and "against" instead of "yes" and "no.")

Act to prevent horse swapping on the public highways.

Act to amend the private corporation law so that the words "insurance company" shall include any corporation or company doing an insurance business in this State.

Act requiring County Judges, County and Circuit Clerks, Sheriffs and County Attorneys to make quarterly reports of all moneys received by them.

Act to extend from sixty days to six months the time in which a lienholder must file in the County Clerk's office a statement of the amount due them.

"Hood's Sarsaparilla adapts itself to the sick and well alike. To the sick it is a sure cure and to the well the best safeguard against sickness. My children were weak and puny. Two of them had catarrh. Hood's Sarsaparilla cured them after other remedies failed. I, myself, had been dyspeptic for twenty years and sought relief in vain. I resorted to

**Hood's Sarsaparilla** and have been built up in health. It cured my stomach trouble and my weight has increased from 112 to 140 pounds. Try it ye sufferers from Maine to California and from the North to the Gulf. Hood's Sarsaparilla will do you good." D. P. SMITH, Justice of Peace, Mountain Creek, North Carolina. \$1; six for \$5.

#### You Can Believe.

The testimonials published in behalf of Hood's Sarsaparilla. They are written by honest people, who have actually found in their own experience that Hood's Sarsaparilla purifies the blood, creates an appetite, strengthens the system and absolutely and permanently cures all diseases caused by impure or deficient blood.

CHARLEY JOHNSON, colored, stole a lot of nice hams and other meat from Mr. Cluxton near Ripley, and is now under \$300 bond to answer for his thieving work. Charley left his hickory cane near the meat house, and this led to his arrest.

THE Assessor's report for 1896 shows that 112 Bourbon County citizens pay taxes on more than \$20,000 worth of property in Bourbon. Three of the number, Thomas Henry Clay, C. Alexander and James E. Clay, are taxed on more than \$200,000 each, and three citizens, William Tarr, Thomas Woodford and W. T. Buckner, are assessed for more than \$100,000 worth.

J. K. SIX, who was elected a Constable in Harrison County last November on the Republican ticket, has renounced his party and become a Democrat. The Cynthiana Democrat remarks: "We congratulate Mr. Six on his wise determination. Col. R. W. Musser was the last prominent Republican to desert the sinking ship. Add six to him and we have a total gain of seven within the past three years."

THE recital given by Miss Helen Merce Schuster a few evenings since was a most enjoyable affair. Owing to a lack of proper advertisement the audience was small, but the pleasing face and graceful manner of Miss Schuster won their way at once. That she is not only mistress of her art, but competent to teach it, was shown in the artistic posing of her pupil, the dear little lot put down on the program as Miss Madeline Reaume. She was ably assisted also by Mrs. Mattie Evans Bruce, formerly of this city, Mrs. G. A. Kerr, Mr. R. L. Hill and Mr. Mortimer Bryan Jones, whose violin playing was fine. Viewed from an artistic standpoint the recital was a decided success. We hope to have the pleasure of hearing these artists again.

#### Of Interest to Building Associations.

The Elliston bill, in which the building and loan associations of this State were vitally interested, was discussed before the Senate Committee on Corporations Tuesday afternoon, by those most directly interested on both sides of the question, and the committee decided to make an adverse report.

The bill provides that no building association organized on what is known as the national plan shall have the right to organize local boards in towns other than the one in which the parent company is located. The passage of this bill practically meant death to all the building associations in the state, and the committee thinks it should not pass.

#### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. James Wood's drug store.

## THE BRACKEN TRAGEDY.

**Laughlin's Confessions—Augusta Citizen Says There is no Danger of a Mob Coming to Maysville.**

A trustworthy citizen of Augusta who was in Maysville yesterday stated to the BULLETIN that the excitement at that place over Robert Laughlin's terrible crime has quieted down to some extent, and he is satisfied there is now no danger of a mob coming here and trying to lynch the accused.

Laughlin denied to several parties that he made the confession published in yesterday's Enquirer and the substance of which was published in the BULLETIN. That confession, however, was made in the presence of Mr. Charles L. Gray, of Augusta, to a member of the Enquirer's staff. The fact of the matter is, Laughlin seems ready to talk to most any one and at any time about his crimes, and has made so many confessions that it will never be known which is the true one. That he is guilty of the awful crimes, there is no doubt, and the details of the tragedy are not important.

Laughlin sent for Rev. E. L. Shepard yesterday, and the minister and Mr. I. M. Lane spent some time with the prisoner.

According to reports from Augusta relatives of Laughlin's victims intended to swear out new warrants for Laughlin's arrest yesterday at Brooksville, and it was stated that they would come to Maysville and demand that the prisoner be turned over to Bracken County officers.

If he is ever taken to Bracken it is thought it will be impossible to keep the people from promptly stringing him up, without the formalities of a legal hearing.

To Deputy Jailer A. A. Pompelly this morning, Laughlin said he wanted to be tried in Bracken County as there is where his crime was committed. He also said he expects to be hanged, but he wants it done legally, and not by any mob.

He requested this morning that no more visitors be admitted to the cell room, except relatives and any friends from Bracken who might call. Jailer Johnson will comply with the request. Since Laughlin was brought here there has hardly been an hour in the day that some reporter or other person was not present talking to him.

The prisoner rested better last night than he has yet and ate more heartily this morning.

He says he has not told all yet, but intimated to Deputy Jailer Pompelly that he would do so.

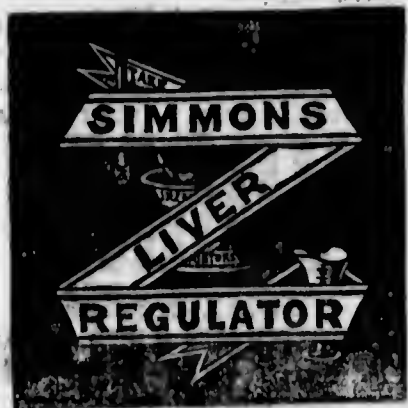

### Death of Colonel R. K. Smith.

Colonel Robert K. Smith, one of the leading attorneys of the Bracken County bar, died Tuesday at Brooksville, of paralysis. Colonel Smith was one of the best-known lawyers in Eastern Kentucky, and comes from one of the most prominent families in the State, being a nephew of the late Governor Desha.

Colonel Smith was a cousin of the late Anthony Killgore, of this county, and had many friends among the lawyers of Maysville.

### The Maysville Sports Lost.

Ripley Bee: "Monday evening about 7 o'clock a steamer landed at our wharf and took on several sports bound for a cock-pit about four miles below Maysville. There were quite a number of cocks on hands, but a Brown County farmer boy carried away seven purses out of ten, and the Ripley boys 'didn't do a thing' but come home loaded down with money."

The L. and N. Railroad Company a few days ago paid its county taxes, amounting to \$2,219.58, in Warren County for the year 1895. Altogether it pays on its property in Warren County, State, county and school taxes, about \$10,000. It also pays \$5,500 a year in Hart County, and in some school districts in that county pays three or four times as much tax as all the rest of the district put together.

THE BULLETIN stated one day this week that Mrs. Elizabeth Johnson, of East Sixth street, was the oldest native-born citizen of Maysville. Our informant was mistaken. The venerable Mrs. Massie Cora Orr, of East Third street, widow of the late George Orr, was born September 1st, 1808, and has never resided more than one hundred yards distant from her present home. She is six years older than Mrs. Johnson.

THE Grand Council of the Canadian Protestant Protective Association has changed the requirements of the order so that the clauses prohibiting members from employing or supporting in elections Roman Catholics have been abolished. Henceforth a candidate for office, in order to gain the support of the Canadian Protestant Protective Association, may be of any religious complexion so long as he is an upholder of absolute freedom from any kind of clerical rule in affairs that are clearly secular.

### HUNTER RED HOT.

He and His Friends Claim That Bradley is Working a Scheme For Billy O. B.

FRANKFORT, Ky., Feb. 18.—There are indications of a rupture between the Hunter and Bradley forces.

It is well known that the nominee for Senator has stubborn opponents in the ranks of his own party. This opposition has become open in the past week.

The Hunter men have been disposed to suspect Bradley. They claim to know the source from which recent attacks on Hunter in Republican papers emanated. To-day word came from Louisville that a conference had been held there Saturday night at which the Governor, Walter Forester and others were present. The object, so the story goes, was to devise some means by which Hunter's Senatorial ambition could be thwarted. It resulted in one of the gentlemen being sent on a mission to Cincinnati to stir up and give publicity to the opposition to Hunter.

The latter's friends are red hot and claim that Bradley wants to prevent an election this year so that he can shape matters for himself.

P. J. MURPHY, jeweler.

SOME one of the numerous fake correspondents has probably dropped down on Middlesborough. "Paul Bryan, a negro boy fourteen years old, is a phenomenon," says a Middlesborough special, "which taxes credulity. He is entirely unlettered and neither his father nor mother can read. None of them ever heard of Milton, Shakespeare or Young, and yet this boy can repeat from each of these authors. He can repeat nearly all of Hamlet's 'Soliloquy,' knows those passages from Milton's 'Paradise Lost' which so sublimely describe Satan, and nearly all of Young's."

THE Philadelphia Record throws out this hint to merchants: "In none of our cities is there more alert advertising by retailers than in Washington, where the smaller stores have been quick to emulate the example of the larger ones in announcing special sales for certain days, often for certain hours, at special prices; and with successful results—the evidence of success being that they keep it up. What is possible in Washington is just as possible in other cities. Shoppers will read the trade announcements that concern them, regardless of the size of the stores from which they emanate."

## PEARL BRYAN'S MURDERERS.

They Will Not Be Taken to Kentucky For Some Time Yet.

CINCINNATI, Feb. 20.—Sheriff Plummer of Campbell county, Ky., who holds the requisition papers for Scott Jackson and Alonzo Walling, the murderers of Pearl Bryan, has consulted their attorneys and they have reached an agreement. The proceedings agreed on are that the prisoners shall be brought into the police court on the 27th inst., where the requisition will be presented by Sheriff Archibald of Hamilton county, who will take the prisoners to a court of competent jurisdiction, either the common pleas, the circuit court or the superior court.

It is most likely it will be brought to the circuit court. After that there can be no delay except by habeas corpus. It is not likely that this will be resorted to in the present state of public feeling, even a procedure would make a delay possible by means of appeals all the way from the common pleas to the supreme court. The prisoners will be taken to the Covington jail, one of the strongest jails in the state of Kentucky.

When Jackson was informed that it was definitely settled that he must go to Kentucky he broke down and cried, but soon recovered his composure and was as placid as ever. Walling was more stoical, and said he didn't care where he was tried.

**Woods' Father May Retire.**  
TERRY HART, Ind., Feb. 20.—The Rev. D. M. Wood has failed to fill his engagements as presiding elder of the M. E. district ever since the Pearl Bryan tragedy, in which his son is implicated. He feels the disgrace brought upon the family very keenly, and there is a report current that he will retire permanently from the ministry. The excuse given for his nonappearance at his appointments here, Sunday and Tuesday, is the illness of his wife, who is prostrated by the shock of her son's troubles. There are even fears for Mrs. Woods' recovery, the blow having fallen upon her with crushing force.

## THREE MEN SUFFOCATED.

Employees of a Pumping Station of a Pittsburgh Gas Company.

WILKESBARR, Pa., Feb. 20.—Three employees of the Consumers' Gas company of this city, George Maxwell, the foreman, and Samuel Maxwell and George Zerbee met death last night in a peculiar manner at the works. They went into the basement to clean out a keeping box. They shut off a valve of the pipe leading from the big tank and opened a valve under the keeping box. After the box had been cleaned, the gas from the tank was turned into it again, but the men forgot to close the valve under the box. This allowed the gas to escape all through the building.

The men started to locate the leak, and entering the pumping room where the gas had accumulated in large quantities, fell unconscious before they could get out. They were not missed until inquiries were made by persons complaining of their being unable to

get any gas. A search being made the men were found dead. In less than an hour the gas was again turned into the mains and the city illuminated. George Maxwell leaves a widow and three children. The other victims were single men.

## Crank at the Capitol.

WASHINGTON, Feb. 20.—An old man giving the name of L. F. Nelson was taken into custody by the sergeant-at-arms of the senate yesterday. He was at the time of his apprehension in the senate reception room where he was talking with all who would listen to him in a way to convince those who heard him that he was mentally unbalanced. He said he wanted to secure legislation which would authorize him to build a bridge from New York to Chicago, over which 15 trains could be run. This done he proposed to himself build the Niagara canal and settle the financial question.

## Bill Nye Stricken With Paralysis.
